

Cast iron inserts are a kind of fireplace insert.

Most of the time, antique fireplaces' cast iron inserts are cast in one single part.

Some antique cast iron inserts are also provided with a complete hearth made out of cast iron plates :

Antique copper inserts On some rare fireplaces, the insert is also made out of copper, and is often very elaborately decorated.

3. Modern cast iron inserts

Sometimes, we can also make modern cast iron inserts, which are new editions of antique models. In this case, the cast iron insert is perfectly adapted to fit the fireplace.
